

THE DUST-FREE GLASS KILN THAT IS SO MUCH MORE ...

● **NO DUST ON YOUR PRECIOUS GLASS!**

Hard Ceramic element holders prevent most dusting typically found when elements are pinned into firebrick tops. THIS IS A UNIQUE FEATURE perfected by L&L Kilns.

● **SQUARE DESIGN**

12" (30.5cm) square hearth is included: perfect for glass projects. 9" (22.9cm) depth (for 208-240 volt version) or 6-1/2" (16.5cm) depth (for 100-120 volt version) allows you to do low-fire ceramic projects *in the same kiln!*

● **PROGRAM CONTROL**

Bartlett controller comes with four programs that can be easily modified.

● **GREAT FOR MOST FIRED ARTS**

Fuse glass, rake glass, china paint, low-fired ceramic bisque & glaze, PMC precious metal, heat treat knives.

● **SAFETY PLUS**

Power switch positively shuts off power when the lid is opened. An on/off circuit breaker that turns off *all* power to the kiln is included. The stand is attached and integral to the kiln.

● **THREE YEAR WARRANTY**

\$895 Complete

Ships anywhere in the Continental US for \$95

Only L&L Kilns have exclusive hard ceramic holders that prevent dusting in the kiln

The **CHAMELEON** glass & hobby kiln is the new home kiln for glass artists and other fired arts enthusiasts. It will fire low-fire ceramics, PMC and do heat treating as well as glass fusing. It is the first small square kiln for home use on the market with L&L's unique and famous hard ceramic element holders. Complete easy-to-follow visual instructions make this kiln ideal for the beginner yet powerful enough for

Element Support	Hard Ceramic Element Holders on top - no dusting
Element Terminations	Stainless Bolts , no special tools to change
Elements	One Element mounted in lid
Thermocouple	Heavy-duty 8 gauge type K
Element Shut Off	Door Switch shuts off all power to element
Integrated Stand	Integrated Stand is part of the control panel
Corrosion Resistant Case steel	All Corrosion resistant aluminized metal & stainless
Handles	Four handles are included for easy lifting
Sloping Control Panel	Sloping Control Panel makes it easy to see controls
Automatic Program Control	Bartlett Program Control
Included Programs	Four user-defined programs
Programming	Programs stay in memory until changed
Number of Segments in Each Program (each segment has a ramp, set point and hold)	Eight
Complete Instructions	Complete easy-to-read manual
On/Off Switch/Circuit Breaker	Circuit Breaker/Switch turns off all power to kiln
Power Cord	Included
Sides & Bottom Insulation	2-1/2" of K23 Firebrick
Top Insulation	3" of K23 Firebrick
Lid Seal	Lid is routed around perimeter for excellent heat seal
View Port	1" Diameter View Port in Front
Shipping	Ships by Common Carrier Truck
Three Year Warranty	Three Year Limited Warranty
